Abrazo empowers health for life.
At Abrazo, we are transforming our facilities into destinations where safe, quality care and personalized attention are equally important. With service and compassion for each patient at the core of everything we do, we are creating life-long relationships by changing the way health and health care are delivered to our communities.

OUR CAMPUSES

Arizona Heart Hospital
Since 1998, the 59-bed Arizona Heart Hospital has been recognized as the area’s leading hospital for the diagnosis and treatment of cardiovascular disease.

Arrowhead Hospital
A recipient of HealthGrades Patient Safety Excellence Award for three consecutive years, the 217-bed facility in Glendale, a northwest suburb of Phoenix, specializes in cardiovascular, orthopedic, surgical and obstetrical care, including a neonatal ICU, and has been the recipient of numerous national recognitions.

Maryvale Hospital
With 232 beds, Maryvale Hospital offers comprehensive inpatient services, and the hospital’s 24-hour emergency care and accredited chest pain center support the health care needs of the Maryvale area and its surrounding communities.

North Peoria Emergency Center, a campus of Arrowhead Hospital
A full-service medical care emergency facility located in Peoria and operated by Arrowhead Hospital, this 14-bed center is open 24 hours a day and staffed by board-certified emergency physicians and specialty-certified nurses.

Abrazo Health, part of Dallas-based Tenet Healthcare, serves the metropolitan Phoenix community as one of the largest health care organizations in Arizona. Committed to our mission of helping people achieve health for life, Abrazo is a rising leader in the delivery of quality, personalized health care, operating six hospitals, a physician medical group and several service-specific institutes and centers.

AN AWARD-WINNING HEALTH CARE PROVIDER
Abrazo facilities have been honored by U.S. News & World Report, HealthGrades, Arizona Business Magazine, Press Ganey, and the nation’s leading health care ratings organization. Our facilities have been awarded prestigious certifications and distinctions, such as accreditation by the Society of Chest Pain Centers and special acknowledgment from the Joint Commission.

*annual averages
Paradise Valley Hospital
The top hospital in its category in Ranking Arizona's 2012 Best of Arizona, the 136-bed full-service acute care facility in north Phoenix offers state-of-the-art orthopedics, rehabilitation services, hyperbaric medicine and wound care, and dedicated women's programs.

Phoenix Baptist Hospital
Phoenix Baptist Hospital, a 221-bed acute care facility and teaching hospital, has been serving central Phoenix communities since 1963. The Joint Commission designated the facility as a primary stroke center, and other specialties include breast health, neurology and neurosurgery, orthopedics, sleep disorders and more.

School-Based Health Centers
The School-Based Health Centers program is comprised of four licensed clinics and a mobile health unit that serve over 76 schools in seven Phoenix-area school districts. Annually, the centers provide medical services to more than 3,400 underprivileged children, and dental services to 1,700.

West Valley Emergency Center, a campus of West Valley Hospital
Operated by West Valley Hospital, this comprehensive emergency facility is located in Buckeye and staffed by board-certified emergency physicians and specialty-certified nurses who provide 24-hour care.

West Valley Hospital
The 164-bed West Valley Hospital serves the growing western region of metro-Phoenix and features heart and vascular care, state-of-the-art obstetrics, surgical and diagnostic services. The facility is also recognized as an accredited Chest Pain Center, designated Cardiac Arrest Center, and fully accredited by The Joint Commission.

OUR MEDICAL GROUPS AND INSTITUTES

Abrazo Medical Group
A network of practices comprised of employed primary care and specialty physicians, surgeons and hospitalists, Abrazo Medical Group physicians and staff are committed to providing the highest quality medical care for people of all ages.

Arizona Heart Institute
An affiliate of Abrazo Medical Group, the Arizona Heart Institute continues to be one of the world's leading providers of cardiovascular care. Founded in 1971, the institute is one of the nation's first freestanding outpatient clinics dedicated solely to the prevention, diagnosis and treatment of heart and vascular disease.

Abrazo Clinical and Translational Research Institute
The Abrazo Clinical and Translational Research Institute serves as the central office for all research planning and alignment with regulatory requirements, to advance the body of science promoting collaborative integrated partnerships with our physicians and patients in the communities we serve.
